GOES TO CAMDEN in SEPTEMBER

The Blurb is published monthly by, and for, the members of **The PHIL-MONT MOBILE RADIO CLUB, INC.** whose purpose is to promote Amateur Radio in general, and Mobile Radio in particular. Copying and quoting is permitted with a credit line. We gladly exchange publications with other amateur radio clubs. Requests should be sent to the Editor. Subscriptions are available to non-member for \$10, addressed to the Treasurer. The club meets at 7:30 PM on the *second* non-holiday Wednesday of every month at **The Franklin Institute Science Museum**, Benjamin Franklin Parkway at 20th Street, Philadelphia. Enter from Winter Street or the parking garage on 21st street. **ALL VISITORS ARE WELCOME!**
Amateur Radio License Examinations are held on the *first* non-holiday Thursday of every month at The Franklin Institute Science Museum—registration finishes at 6 p.m. doors close at 6:30 PM-**SHARP!**

Sunday morning 75 meter Net at 10:20 — 3.993 MHzSSB

Minutes

Carol Sebzda, N3PVO, Secretary

June Director's Meeting

Bill (W3AOK) opened the June Directors' Meeting. The following were in attendance: Bill (W3AOK), Charlie (W3WF), Carol (N3PVO), Mike (K2BN), Steve (WU3I), Dick (W3RM), Ed (KB3IV), Al (W3STW), Mike (N3MT), Gene (N3XKE) and Dean (N3TAL). The following reports were given:

TREASURER - Mike (K2BN) reported we have money in the bank. He also stated we are deficient in dues this year compared to last year.

W3AA - Al (W3STW) reported the big beam (Pro 67) is back in operation thanks to Steve's (WU3I) repair of the rotator. Everything in the Station is up and running. Al reported a sound card would be needed for PSK31. Mike (K2BN) donated a computer with a sound card to use for PSK31.

PICNIC - Dick (W3RM) reported we have had no feedback from the membership on who or how many will be attending. Steve (WU3I) reported he would have plenty of food on hand. Bill (W3AOK) reported he has plenty of prizes to hand out.

BLURB - Dean (N3TAL) asked about the possibility of combining the July and August Blurb into one issue. After discussing the pros and cons, a vote was taken, majority voted to continue with having separate issues for July and August.

DIRECTORS' MEETING - Several Board Members and Officers brought up for discussion changing the night of the Directors' Meeting back to the way it was — the first Wednesday of the month. Making this change would allow more time to discuss club business. A motion was made and approved to change the meeting night to the first Wednesday of the month every other month. The first meeting night change will start with the September Meeting. Bill (W3AOK) will host September 6th, Ed (KB3IV) will host November 1st, Steve (WU3I) will host January 3rd and Mike (K2BN) will host March 7th subject to approval by Alice (WA2BTB).

REPEATER - Rick (N3DHI) reported a new antenna might be needed for the Center City Link.

With no further business for discussion, the Meeting was closed at 7:52 pm.

June General Meeting

Bill (W3AOK) opened the June General Meeting at 8:01 pm.

PUBLIC SERVICE - Charlie (W3WF) reported MS150 applications would be in the July Blurb. The applications are also available on the web site. The dates of the MS150 are September 23rd & 24th.

W3AA - Al (W3STW) reported the Station is up and running.

With no further business, the General Meeting was closed and turned over to Steve (WU3I) and his program on Field Day.

What's New with the 62 by Sam Kuncovich, N3QIE

The battleship New Jersey still rests at pier 4 in the Navy yard. There is much work yet to be done. The removal of the asbestos has been completed. The dehydration equipment has yet to be finished. Many doors have to be unsealed.

It is expected that the ship will move to a temporary location in Camden, near the Aquarium, until a permanent access to the ship is completed. New lighting, water and sewer provisions must be com-

pleted.

Visiting may be limited for a short time, to the main deck, inside and out. Later, other areas, no lower than the 2nd deck or above the OI level will be open.

She is expected to be ready for public access by March - April 2001. The Alliance will be recruiting tour guides and maintenance people prior to the opening date.

**Happy Fourth
of July!**

180th Monthly Phil-Mont VE Test Session Statistics for June, 2000

Eleven (11) candidates. We had three (3) new amateurs with six (6) upgrades.

The VE team was chaired by Dusty Rhoads (ND3Q).

Members are: Bob Freer, W3YLT; Jim McCloskey, NS3K; Pete Butler, WB2B; Jeff Kerber, N3VE; Mike Collins, N12E; Jeremy Mihalov, AA3SR; Raymond Collins, W3CX; Carol Hutkin, K2BL

Exam Dates for the year 2000:

July 6, August 10 (second Thursday), Sept. 7, Oct. 5, Nov. 2 and Dec. 7.

VE Examination Sites

Confirm all information, in advance, with the contact person. Licensed applicants must bring the original, and one photocopy of their license. All applicants, including children, must show two other types of ID. Also bring the original, and a copy, of any Certificate of Successful Completion needed to prove current status. The ARRL VEC's 2000 test fee is \$6.65.

Congratulations (again), Mike!

For the second year in a row, our fellow PMRC member (and youngest director), Michael Taraborrelli, N3MT, has been selected to receive a Ham Radio Scholarship. On June 20, Mike received a telephone call from Hugh Turnbull, W3ABC, who chairs the Scholarship Committee of the Foundation for Amateur Radio.

The F.A.R. is administering 73 scholarship grants this year to eligible young hams, across the country, who are pursuing higher education. Hugh informed Mike that another \$1,000 grant is on the way to help defray his expenses at Villanova University. Mike begins his sophomore year at V.U. in the Fall.

Way to go, Mike!

The PREZ SEZ

Many thanks to all who helped out at Field Day. If you missed it, mark your calendar, June 23 and 24 2001.

TOP 10 REASONS TO DO FIELD DAY

In the spirit of David Letterman, Arkansas ARRL PIC Bill McEntire, KC5ECB, passes along an ARRL Field Day Top 10 list of his own:

Number 10: Catch up on your microphone keying techniques—20 contacts with left hand keying, 20 contacts with your right, and repeat. Feel the (RF) burn! After 100 contacts, take a break by barbecue grill for the rest of the

hour.

Number 9: Two words: barbecued brisket.

Number 8: Practice your untangling techniques with coax that has been boxed up since 1999 Field Day.

Number 7: Go by the ham using the Collins tube rig and say, "I wonder if this is this how bug lights were invented".

Number 6: Remember just how much fun you can have on 80 meters at 3 AM with no sleep.

Number 5: Remind your teenager that your laptop computer he borrowed to do "homework" still has that working

logging program on it.

Number 4: Rotate old cans of insect repellent spray with the cans you'd left in the deer camp trailer last season.

Number 3: Stop by the CW position and nod your head with the operator as if you can also copy his traffic at 30 words per minute.

Number 2: Debate with other hams on the Field Day antenna setup crew just what formula to use to calculate thunder vs lighting distance.

And the Number 1 reason to go to Field Day: With all that time you spent studying for your ticket, you've earned it!!—Bill McEntire, KC5ECB

The ARRL Looks Ahead

On May 10th Kay Craig, WT3P, Vice-president of the ARRL, spoke at the Phil-Mont meeting. She spoke about the ARRL and its goals for the future..

She stated that enforcement of the FCC rules has increased. She discussed PRB-1 and how the league is working to strengthen it.. She mentioned that there was a ruling about satellite dishes being allowed, even where there are restrictive covenants against antennas.

A new project has been started. It is a certification program. Tests and awards will be given to all who qualify. Some topics to be certified might include Morse Code, Emergency Communications and emerging digital modes. Certificates might be given at basic, intermediate and advanced levels. All this would be spon-

sored by the ARRL and would have nothing to do with the FCC.

The big project is increasing the awareness of Amateur Radio in schools. Kay will be in charge of this for the League. Programs are to be developed that use Amateur Radio as an instructional strategy to get children excited about learning. A by-product, hopefully, would be an appreciation for Amateur Radio. The funding for the program will come from grants.

MS 150 City to Shore Bike Ride

Don't forget to sign up for the MS 150. Public Service is one of the reasons the FCC allows us the bands we enjoy. Call a friend and convince them to participate. But, remember you must fill out an application to participate. Hurry, or the spot you want might be taken by someone who got their application in sooner.

"If once a man indulges in murder, very soon he comes to think little of robbing; and from robbing he next comes to drinking and Sabbath-breaking, and from that to incivility and procrastination."

Thomas De Quincy (1785-1859)

REPORT

Station Manager: Alfred Tribble, W3STW
Trustee: Steve Hoch, WU3I

The International Voice of The Franklin Institute
Science Museum

Greetings and welcome to Summer. With a full compliment of modern radio equipment and an experienced Cadre of licensed operators, W3AA is ready to provide an interesting journey through the many facets of Amateur Radio for its visitors. Indeed with the Republican National Convention here in town, W3AA is ready to do it's part as a host.

I also ask that as a P.M.R.C., member you take the time to call W3AA to schedule a visit. Introduce yourself to the Control Op on duty and extend, as I do, a hearty word of thanks.

It is a pleasure to note that the satellite tracking system is fully operational thus making radio contact through the transponders on those fast moving low earth orbiting satellites (LECS) AO-27,

SO-35 and UO-14 easier.

Many thanks to W3AA Station Trustee, Steve, WU3I, our club President, Bill, W3AOK and Control Operator, Ted, N3OWM. The Team has put the final touches on the Pro 67 beam rotor repair so HF operations with the Kenwood TS 950 "just became easier". Robert, KB3BYT and Paul, N3PSO are still supporting the F.I.S.M., and judging by the prizes stored in the back room it seems as though the children are having a lot of fun as they visit W3AA. Thank you Robert and Paul.

The QSL card situation seems under control with the continuing help from Bud, K3PTM so a round of applause for Bud too.

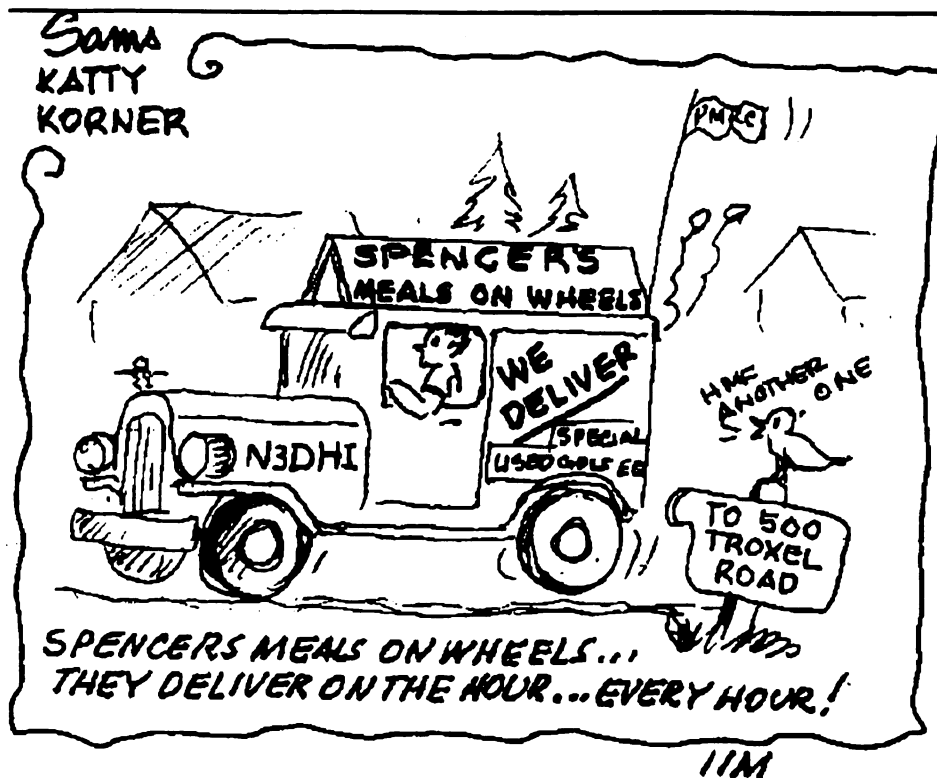

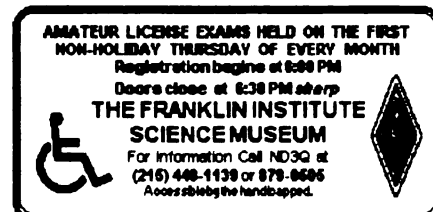

73, AL, W3STW.

P.L. Tones

Hello Phil-Monsters! I hear a lot of folks talking about PL tones and where to find them for their older radio COMMUNICATIONS SPECIALISTS, INC (800) 854-0547 or www.com-spec.com can help. They will even give you a hook up chart for your radio. Their stuff fits everything old or new.

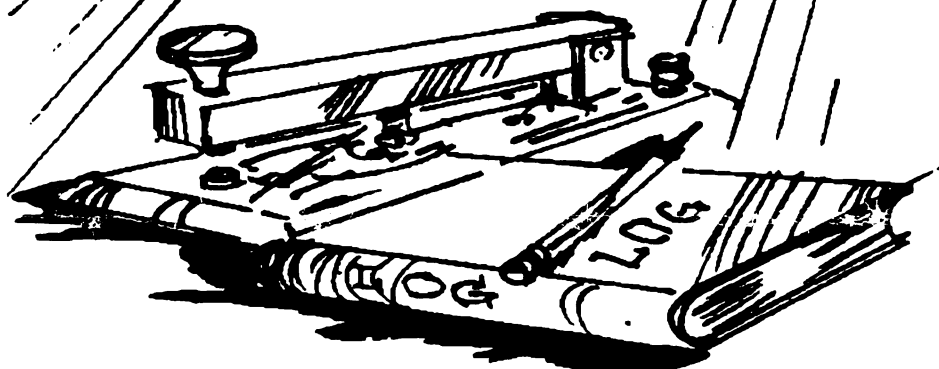

I thought this might be good to put in the Blurb to help folks get their radios updated to PL.

73 Russ, W3CH

PHIL-MONT

Silent Key

Howard Gilpin Sr.

1926 - 2000

Howard C. Gilpin Sr. died Saturday in Fort Myers, Fla. He was 73.

Mr. Gilpin, of Florida and formerly of Philadelphia, worked for Leeds & Northrop of North Wales for over 20 years and for the United Engineers of Philadelphia for over 10 years until his retirement.

He was a member of the Amateur Ham Radio Organization, with a call sign of W3SRU, and a member of the Lansdale Lions Club.

Mr. Gilpin served in the U.S Army during World War II.

Born Nov. 18, 1926 in New York, N.Y., he was a son of the late Albert and Florence (Wyatt) Gilpin.

Surviving are two sons, Howard Jr. of Blue Bell and Ken of Lansdale; Five daughters, Nancy Gilligan of Harleysville, Susan Medaglia of Collegeville, Lizann Gilpin of Ambler, Patty Dawson of Doylestown, Bucks County and Mary Gilpin of Ambler; a twin brother, Albert of Tucson, Ariz.; 13 grandchildren; six nieces; one nephew; and his former wife, Frances (Ryan) Gilpin.

Memorial contributions may be made to the National World War II Memorial, 2300 Clarendon Blvd., Suite 501, Arlington, Va. 22201. (edited from the local paper). W3SRU was known to Phil-Mont as the Southern Reporter.

Why we are Hams

On May 11, 2000 at about 4PM I was listening to the '03 repeater when I heard KB3DDX asking for help. Apparently a woman was having some trouble because of the heat that day and no one was sure whether she was having a heart attack. With the help of Raoul, KB3DBG and Dick, W3RM help came.

This shows how HamRadio can be of service for our community. If you have any such adventures please send them to the editor.

Activities for July 2000

Net Control stations should read the following announcements before asking if there are any more announcements for the net.

- VE testing will be held on Thursday July 6th at 6:30 P.M. The 2000 ARRL VE test fee is \$6.65.
- Sign up for the MS150 City to Shore Bike Ride. Remember this is our biggest Public Service event of the year. This is one of the reasons the FCC allows us to exist.

Looking Ahead

Topics for the General Meetings for the remainder of 2000:

- ✓ **July and August** — No General or Board meeting these months.
- ✓ **September** — Package pickup for the MS150 City to Shore Bike Tour
- ✓ **October** — "Buck" Nimz, U.S. Coast Guard Communications
- ✓ **November** — Sunspots
- ✓ **December** — Elections
